ANG Rabbit Polyclonal Antibody

E53P11381

Catalog Number:E53P11381

Host Species: Rabbit

Isotype: IgG

Purification: Antigen specific affinity purification

Applications:WB,ELISA

Immunogen Description: Recombinant protein of human ANG

Storage: Shipped at 4°C. Upon delivery aliquot and store at -20°C for one year. Avoid freeze/thaw cycles.

Cite ID#:EN5683449

Specificity: Expressed predominantly in the liver. Also detected in endothelial cells and spinal cord neurons.

UniProt Number:P03950

Dilution:WB 1:500-1:2000

For Research Use Only
