ACPP Rabbit Polyclonal Antibody

E53P11358

Catalog Number:E53P11358

Host Species: Rabbit

Isotype: IgG

Purification: Antigen specific affinity purification

Applications:WB,ELISA

Immunogen Description: Recombinant protein of human ACPP

Storage: Shipped at 4°C. Upon delivery aliquot and store at -20°C for one year. Avoid freeze/thaw cycles.

Cite ID#:EN5683426

Specificity: Highly expressed in the prostate, restricted to glandular and ductal epithelial cells. Also expressed in bladder, kidney, pancreas, lung, cervix, testis and ovary. Weak expression in a subset of pancreatic islet cells, squamous epithelia, the pilosebaceou

UniProt Number:P15309

Dilution:WB 1:500-1:2000
