Dansyl chloride [5-Dimethylaminonaphthalene-1-sulfonyl chloride]

E37F 811-50

Catalog Number:E37F 811-50 g

Applications: Peptide, protein, antibody labeling reagents. Fluorescent reagent was used to label amino groups. Fluorescent reagents containing sulfonyl chloride groups.

Description: Peptide, protein, antibody labeling reagents. Fluorescent reagent was used to label amino groups. Fluorescent reagents containing sulfonyl chloride groups.

CAS No.:605-65-2
