Fluorescein-5-maleimide

E37F 130-25

Catalog Number:E37F 130-25 mg

Applications: Peptide, protein, antibody labeling reagents. Thiol group was labeled with fluorescent reagent. Fluorescent reagent containing maleic anhydride group.

Description: Peptide, protein, antibody labeling reagents. Thiol group was labeled with fluorescent reagent. Fluorescent reagent containing maleic anhydride group.

CAS No.:75350-46-8
