Recombinant Human E-Selectin / CD62e / SELE Protein (His & Fc tag)

E53A08580

Catalog Number:E53A08580

Host Species:HEK293 Cells

Formulation:PBS

Cite ID#:EN5671677

Species:human

Synonyms:CD62E;ELAM;ELAM1;ESEL;LECAM2

Tag:C-His & Fc

Purity:>95% as determined by SDS-PAGE.

Accession:NP_000441.2

Bio_Activity: Measured by the ability of the immobilized protein to support the adhesion of U937 human histiocytic lymphoma cells. When cells are added to E-selectin coated plates (2 μg/mL, 100 μL/well) approximately > 60% will adhere specifically.
